

Our Commitment to Ministry Partners

Stewarding Every Gift with Integrity and Care

At Medical Benevolence Foundation (MBF®), we believe every gift is sacred — a reflection of faith and partnership in God's healing work around the world. Your generosity helps strengthen Christ-centered hospitals, clinics, colleges, and healthcare leaders serving communities with limited access to care.

We are deeply committed to honoring the trust you place in us by stewarding every resource with integrity, transparency, excellence, and prayerful care. MBF seeks to reflect biblical principles of faithful stewardship in every aspect of our ministry. We recognize the sacrifice and faith behind every contribution and are committed to using your gifts wisely, responsibly, and in ways that strengthen sustainable Christ-centered healthcare ministries around the world.

As a valued ministry partner, you can expect MBF to:

- Clearly communicate our mission and how your support strengthens medical ministry and expands access to compassionate, Christ-centered healthcare.
- Use your donations faithfully, responsibly, and in alignment with the ministry purposes for which they were given.
- Provide access to our most recent audited financial statements and annual report.
- Acknowledge your gifts promptly and appropriately.
- Handle all personal and financial information with care, confidentiality, and security.
- Maintain respectful and professional relationships with every ministry partner.
- Honor any request to be removed from mailing, phone, or email communications.
- Provide transparency and thoughtful answers to your questions.
- MBF does not sell, rent, or trade donor information.
- Share stories, photos, and reports demonstrating how God is using your generosity to strengthen health systems, sustain compassionate care, and bring healing in Christ's name.

Your trust and partnership make this ministry possible. Together, we are strengthening Christ-centered healthcare ministries, sustaining compassionate care, and expanding access to quality healthcare for underserved communities — for the glory of God and the good of His people.
